75th Year, Number 30 | Truckee, Nevada County, California, Thursday, August 31, 1944 | Since 1869

WITH OUR BOYS IN SERVICE

In a recent letter from Pfc. Philip Kearney, he states that he has been awarded the Purple Heart for wounds received in battle in New Guinea. He also says he is now eligible to wear five gold bars representing his 30 months service overseas, but being a modest man he did not want to appear greedy in respect to the number of chevrons and would be quite satisfied if his duties there terminated with the five.

Lt. (j.g.) John Saibini is back on active sea duty, but non committal about details. He recently returned east after a visit at home.

In a letter from somewhere in France, Capt. Vernon Nelson writes this week and advises us that his Sierra Sun is starting to catch up to him and he received the June 22 issue which "was most welcome news and all, of course, new to me. After perusing the columns, I invaded the funnies. These are scarce here. Imagine the mythical Tarzan operating here. Wonder if he wouldn't become a goner in the hedgerows just like others. One thing about subsequent events, he avoids injuries." Vern was naturally shocked at the news of the death of Ed Waters and Jimmy Thomas. "May the bereaved families find some comfort in the glorious manner in which they fell!" Vern wrote. The former bank employe here says he has been in France sometime and prior to that was in England where he enjoyed the country. Both France and England, he wrote, are historically intriguing to him. He says that now and then they are able to buy some wine or cognac to invigorate one's taste for nourishing but the all too standardized C and K rations. He sends regards to his many Truckee friends.

Sergeant Harvey E. Williams with the air service command, son of Charles V. Williams of Soda Springs was recently awarded a good conduct metal.

Navy Aviation Cadet Frank Titus is taking an extended course at Pensacola, Florida. He wrote a descriptive letter home of a battle between a porpoise and shark which he said he would have liked to record on a moving picture.

Azad Joseph not to be outdone by her brother Levon's promotion, is now a seaman (or seawoman) first class. She is stationed at Oakland.

Looking hale and hearty, but just a little older and wiser, Coast Guardsman Kieth Weeden, returned home this week after two years in the Pacific. Kieth hopes to be assigned to domestic duty for a while at least as the old grind over there in the contested islands gets very tiresome.

S-Sgt. Karl Kielhofer, who was recently married in Texas to Miss Carol Brock, is reported attending a radio school at Fort Benning, Ga.

Frank Giovannoni is now a fireman second class, attending a electrical school in St. Louis, Mo. Mrs. Giovannoni said his address changed twice within a week, he moves around so fast.

Word was received this week that Levon Joseph of the infantry, has been promoted from second to first lieutenant and is stationed in Georgia at the present time. Congratulations, Levon.

Augie Sassarini wrote home that he has been ill with a fevor contracted at Saipan and after a two weeks seige was as weak as a kitten.

Augie's brother, Nick Sassarini, who was recently transferred to the combat engineers in Burma writes that he also has had jungle fever. He has received a citation and promised to exhibit it to the home folks at the earliest opportunity. At the time he wrote he was in a rest camp after a long spell of heavy fighting and hard work.

While on the subject of Sassarini we learned that Calvin Sassarini, who with Nick has been working on the Ledo highway, is stationed within eight miles of his cousin. They recently met at Calvin's camp and had a nice visit.

Also down in Burma is Raymond Saibini, following a session at radio school. Sure beats all how these local boys get around, doesn't it.

Signalman Bob Leamon was released from the naval hospital near his station this week after a bout with a throat infection.

My Place In The Sun

By CPL. DOUG BARRETT

Excerpts from letters from the Canada theater of war operations

I have ceased to be shocked but have not ceased to be saddened by the news of the violent death of Truckee's young men. One wonders at the values of war when such promising young men as Jack Sanders are lost forever to their community and nation. I can't honestly appraise the loss of Owen Landrith since I knew him only by hearsay From what I heard, his loss was a severe blow to a nation where the individual counts for so much. However, I did know Jackie. He was intelligent, industrious and ingenuous; a man who could hardly be spared. That he will be missed as a friend of his friends and a leader of his community goes without saying. Again I wonder if it is worth it. I hope we who remain can make it so.

As I've written you, Barbara's family is English and naturally she has many relatives in the old country. She got a letter Saturday from a cousin who was bombed out of her home in Sanderstead, a London suburb, with two infant children by those damned robot bombs. Their house was badly damaged but it is repairable. Her husband was away with the army. However, she wasn't grousing. She simply mentioned it as a reason for not having written sooner. She moved with her children up into the country out of range of the robots and they will return after the war. The only thing that she mentioned she wanted—beside peace—was candy. So Barbara and I are saving our daily rations from the exchange and will ship it to Cousin Flo. It was Barb's idea, but I'm all for it. Guess there's more than just a political meaning to that phrase "There'll always be an England". After reading that letter, I'm quite proud of my English cousins

Well, enough about the war. I'd better get to the business of helping win it.

DISTRICT OFFICER IN GRASS VALLEY MEET

Mrs. Violet Garner, district deputy, paid her official visit to Olympic Temple No. 10, Pythian Sisters at Grass Valley August 24.

On September 14, Mrs. Garner will officially visit Summit Temple No. 79 of Truckee at which time the regular meeting for the winter will be resumed.

The district convention of the lodge will be held here September 23, Mrs. Garner said, at which time the Grand Chief Gladys Harbison of National City, will head a delegation to Truckee.

TWO-DAY SAGEHEN SEASON PROMISED

SACRAMENTO, Aug. 31.— (UP)— For the first time in 10 years, California will have a two-day sagehen season this year. Shooting will be permitted September 9 and 10 in district 4½, lying in Mono and Inyo counties, the fish and game commission announced.

TAX STATEMENTS ARE NOW IN MAIL

Income tax statements on estimated declarations for payments of the September or third quarter period of 1944 will be mailed to all taxpayers about September 1, Collector of Internal Revenue Harold A. Berliner announced this week. He pointed out that unless the taxpayers earnings had been increased, so as to increase his income tax liability by 20 per cent, only the quarterly payment need be made.

SHATTUCK SHOWS FILMS TO ROTARY

Hunting and fishing scenes taken by Vern Shattuck on excursions in recent years with a movie camera provided enjoyable entertainment for members of the Rotary Club at their meeting Monday night. Roy Feathers was program chairman and Tom T. Buell presided.

Visiting Rotarians were Dr. W. Miller of Auburn, Dr. L. H. Garland of San Francisco, W. L. Hack, Sacramento and S. Weathers and J. Conklin of Loyalton. Other visitors were Mel Hayes of Truckee and G. Adams of San Francisco.

MRS. HATTIE LAKE INJURED BY STROKE

Word has been received here that Mrs. Hattie Lake, mother of Mrs. Charles Heller and a former well known resident of Meeks Bak, suffered a stroke at the home of her daughter in San Rafael recently and in falling fractured one hip. She has been removed to a hospital for care.

DEER TAGS SHOW INCREASE IN STATE

SACRAMENTO, Aug. 31.— (UP)— Huntning license and deer tag sales in July showed a very large increase over sales in 1943 and were almost as much as in July 1942, Warren T. Hannum, director of natural resources said this week.

Drunk Gets Jail Sentence

Fred H. Limbocker, 29, Grass Valley was fined $100 with an alternative of spending 50 days in the county jail when he appeared before Justice of the Peace C. E. Smith Monday on a charge of driving while under the influence of ilquor.

Limbocker caused a real disturbance on the Hobart Mills road Saturday afternoon where he defied a group of people including two women and a group of children to prevent him from driving.

State Patrolman William Gautsche was called and took the troublemaker to the county jail at Nevada City.

Limbocker lost all his fighting desire when the officer arrived on the scene.

NEW PLUMBER TO OPERATE HERE; IS 3RD NEW BUSINESS

C. L. Meade of Michigan has arrived in Truckee with Mrs. Meade and will operate the plumbing business here. The newcomer has had 35 years experience in the plumbing and heating business and is licensed.

He has worked and operated plumbing shops in Detroit, St. Louis and for 10 years in Michigan, eight years he owned his own plant at Boyceville, Michigan before coming to California to make his home.

Meade comes here with the highest recommendations and says that he will guarantee all his work both on big and little jobs.

The family has taken the house adjoining the Community Church and he will temporarily operate from there although he hopes to open a shop in the future.

"We like this community and want to make it our home. If given the opportunity, I am sure I can prove my ability as a thorough craftsman and will do my best to provide the community with the services required," Meade declared.

LIONS PICNIC IS VOTED BIG SUCCESS

In the picturesque setting of the western shore of Donner Lake and with ideal weather for the event, nearly 100 Truckee Lions and their families and guests Sunday enjoyed the annual picnic of the club.

Committeemen A. P. Leitch, R. N. Little, W. M. Englehart, Sr., and W. M. Englehart, Jr., made all preparations and had the coffee, sodas, water melon and beer on tap all during the afternoon to supplement the big lunches served after the games, boating and swimming.

In the horseshoe tournament, one of the chief attractions, Allan Pollitt took an easy first place, defeating the second place winner, Walter Barrett by a final score of 21 to 10.

All attending voted the affair a huge success.

COLFAX PEOPLE BUY AUBURN PAPER

AUBURN, Aug. 31.— Sale of the Placer Herald Building in Auburn by C. D. LeMaster of Sacramento to Assemblyman and Mrs. A. G. Thurman of Colfax is disclosed in a deed filed with Clayton Goodpastor, county recorder. Thurman publishes a paper in Colfax.

Stamps indicate the price paid was $11,000. LeMaster purchased the property from the estate of the late W. A. Shepard last June.

WAR CHEST LEADERS PLAN MODESTO MEET

Nevada County War Chest leaders have been called to an all-day briefing session with representatives of the other 21 counties of the Central Area to be held in Modesto on September 8. Vernon Stoll, chairman of the Nevada County War Chest announced that the meeting has been called by H. Stephen Chase, the area chairman, who emphasized the necessity of an area get-together in order to get the campaign functioning.

R. N. Little is the local chairman for the drive.

Food Sale Planned—

The women of the Community church are planning a food sale for September 4.

Sister Visits—

Mrs. Cora Bullard of San Francisco is visiting her sister, Mrs. W. H. Laity.

Sarah McKelvey Rites To Be Held Here Tomorrow

Widely Known Truckeeite Expires Here After Heart Attack

Funeral services under the auspices of the Latter Day Saints Church will be held at the McKelvey home here tomorrow afternoon for Mrs. Sarah Simmons McKelvey, 55, since 1922 a resident of Truckee and widely and favorably known throughout the district, who died following a heart attack Monday afternoon at 4 o'clock.

The body will be at the Laity Funeral Home where friends may call until 3 p.m. today. They may also call at the McKelvey home Friday until the hour of the service.

Mrs. McKelvey was a native of Payson, Utah, and was the daughter of Alicia Fairchild and the late Patrick L. Simmons. She was born September 27, 1889 and spent her younger years at Payson and Salt Lake City, coming west to San Francisco in 1922. In that year she met and married the late L. P. McKelvey, who died here a year ago.

She is survived by her mother, three sisters, Mrs. W. A. Walker, Mrs Pearl Sill and Mrs. Corina Sutton all of Ogden, Utah, and five brothers, Charles Simmons of Duschne, Utah, J. E. Simmons of Ogden, Byron Simmons of Denver and J. L. Simmons of Hazelton, Utah.

Interment will be in the Catholic Cemetery at Reno.

BROWN WILL TAKE LOCAL GARBAGE ROUTE TOMORROW

Truckee tomorrow will have a new garbage collector. This was revealed yesterday by G. E. Hofmann, secretary of the Truckee Sanitary District, who said that Gale Brown ,Truckee resident for the past few years, will replace Andrea Armati, who has been in charge of garbage disposal here for the past ten years.

Brown entered into a contract to handle the garbage and debris disposal at $200 per month and will furnish his own equipment. Only those living within the district are entitled to the services, which are paid for from taxes collected against the property owners. Those without the district must make arrangements for dispasal Hofmann said.

The new system of a flat salary to the garbage collector was started only a few months ago. Prior to that each individual was held responsible for having his own refuse hauled and each one was requested to pay individually. Under the new plan the property owner is taxed for the service and failure to pay constitutes a lien on the property.

An ordinance providing proper containers, etc., still is in effect.

BEST SELLERS ARE NEW AT LIBRARY

New books added to the shelves at the Wyethia Lending Library this week include the following best sellers: Man Goes Alone by George W. Stewart; Escape the Night by Eberhart; Bermuda Cailing, by Garth; Jethro Hammer, by Venning and The Brother by Wilson.

BUELLS HEAR OF SECOND GRANDCHILD

Mr. and Mrs. T. T. Buell received word of the arrival of Persis III at the home of their son in law and daughter, Mr. and Mrs. Allan Ainey in Portland, Oregon on August 23. The child weighed 7½ pounds at birth and is the sister of Allan Buell Ainey, who has been visiting his grandparents this summer.

FOREST MEN MOVE INTO HELL HOLE

Joseph Poggi, packer of the Tahoe National Forest arrived here from Downieville and will take a string of mules into the Hell Hole country southeast of Truckee to help in suppressing fires in that thickly wooded area. William Dietrict also came to haul feed and packing equipment for the stock.

Former Residents Here—

Mr. and Mrs. James Quinn of Mill Valley, former residents of Truckee, are here for a short visit.

.: Sun :. Beams

by WALTER M. BARRETT

In the face of obstacles, Truckee continues to grow and develop as more and more people see the many benefits of living and operating businesses here. Despite the fact that our manpower has been sapped by the selective service and war jobs in all sections, there are few, if any, available homes to rent in the area. The population continues to grow and the best indication of all that the future of the region is secure, is the fact that during the past 30 days, no less than three new businesses have opened here. The most recent was the arrival of C. L. Meade, a licensed plumber with 35 years experience who says he has utmost faith in the future of Truckee and has decided to practice here and establish his home in the community. We believe the faith of these new business operators will be fully justified. We also are convinced that the growth of this area, once the war is finished, will be fast and sure.

One of the things which impressed us most with a recent newcomer in the community was a statement that as long as his family made Truckee their home they would patronize the local businesses. Only through such cooperation can we expect the full growth and prosperity to which we are entitled.

Still another comparatively recent arrival wanted to know why the town of Truckee remained unincorporated, and wanted to know what disadvantages could be shown from such a move. Frankly we were not able to answer.

DRIVING COURSE TO BE TAUGHT HERE

Principal G. E. Hofmann yesterday announced that a new and vitally important new course—how to operate a motor vehicle—will be introduced at Meadow Lake High School this year. Hofmann, following out the suggestion of the California Highway Patrol officials, who are urging the course in all public schools of the state, said he had obtained the required text books and will handle the subject three times each week at the local institution.

INFANT SON OF WAR PRISONER IS DEAD

The infant son of Lt. and Mrs. Thornton H. Jackson, born Sunday night, August 27, on the former's birthdate at Reno, died shortly after birth.

Mrs. Jackson recently received word that her husband is being held prisoner in Germany. He was wounded when the bomber on which he was navigator, was shot down back of enemy lines in Austria.

REV. WILLIS FETED ON 81ST BIRTHDAY

Rev. P. H. Willis, veteran Methodist pastor, dean of the Nevada clergy and one time pastor of the Truckee Community Church, who is 81 years old, was the pulpit guest of the First Baptist Church in Reno last Sunday. At the evening service he preached the sermon and sang The Holy City by request. Rev. Willis still has the voice of a man in his prime and the solo was thoroughly enjoyed.

The church sprang a surprise at the close of the service with a birthday cake and punch served in the social hall.

About 250 people were present to pay their respects to this veteran pastor.

USED CLOCKS NOW ON PRICE CEILING

If you've been a clock watcher with an eye on that used clock, you can now look for the ceiling price tag. OPA has widened its list of consumer goods to include personal and household accessories, hardware, appliances and jewelry (except precious stones). Also covered are radios, phonographs and records, optical goods, and toys and games for the children.

Birthdate—

Raymond Sykes of Oakland will ceelbrate his birthdate on Sunday, September 3 at the home of his grandparents, Mr. and Mrs. Frank Gaiennie.

Schools Staffed For Opening In Truckee Tuesday

More than 100 Children to Enter Classes Here Next Tuesday

C. B. White, clerk of the Meadow Lake Union High School, announced this week that teachers have been obtained for the opening of the semester September 5 for the 26 students enrolled and that the budget presented for salaries, which have been increased, and the maintenance of the school plant will be approximately $1300 a month.

Mrs. Josephine Converse recently of San Francisco and a graduate of the University of Montana, will teach commercial subjects and English.

Mrs. Elizabeth K. Dorr, University of California graduate has signed to teach English to the junior and senior classes, history and Spanish.

Both women are familiar with the snow conditions we have here, Mrs. Converse being a ski enthusiast and Mrs. Dorr is a writer who plans to delve into the early history of Truckee.

John Brandlin has been retained for manual training and history and G. E. Hofmann will remain as the principal and will teach several subjects. He plans on a facutly meeting tomorrow to outline the work routine for the year.

Mrs. M. C. Hayes, new clerk of the Truckee elementary school board, announced that the budget calls for a total of $11,600 for teachers and maintenance and that three teachers have been employed for the more than 80 pupils.

William J. Martin, graduate of the Fresno State College from San Francisco, will teach the fourth, fifth and sixth grades. Mrs. Evelyn Bennetts of Boca has been retained to teach the primary grades and Principal P. R. Nelson will teach the seventh and eighth grades.

DOLLY PETRONI TO WED NAVY MAN AT VALLEJO CHAPEL

The Navy Chapel at Mare Island will be the setting for the wedding of Miss Zelda Petroni and Ralph Snavely tomorrow afternoon, September 1, with the navy chaplain officiating at the nuptial rites.

Miss Petroni, who is more frequently known as Dolly by her friends is a graduate of the local schools and was a popular young woman here before she left for Vallejo nearly three years ago to engage in war work. She will wear a navy pin-striped suit with harmonizing accessories.

Mr. and Mrs. P. Petroni, parents of the bride-elect, and her sister, Miss Rose Petroni, will attend the wedding and the latter will be the bride's maid, while a close friend of the future benedict, will act as the best man.

Snavely, from Ohio, has been on active submarine duty for the past two years and the romance is believed to have begun while he was stationed in the bay city before going to sea.

Following the ceremony the couple may come to Truckee during a wedding trip.

DOVE SEASON WILL OPEN TOMORROW

Dove season opens in California September 1 and closes October 12, with the exception of Imperial Valley where the season opens September 15. Shooting hours are one half-hour before sunrise to sunset. Bag and possession limit, ten mourning doves per day. Only a shotgun not larger than 10 gauge, fired from the shoulder may be used, capable of holding not more than three shells at one time.

SHORTAGE OF ROAD MATERIAL REVEALED

SACRAMENTO, Aug. 31.— (UP)— Sudden and unexpected demands by the military forces for large additional quantities of petroleum products, creating a shortage of 2,000 tank cars in Pacific Coast asphalt service, is hampering deliveries of road oil to state highway jobs, the bureau of purchases reported.

Tonsils Out—

Jimmy Loynd, young son of Mr. and Mrs. W. A. Loynd had his tonsils removed at Reno Monday.

Look over all the appliances in your home. Check particularly those appliances you use constantly, like the range, vacuum cleaner, refrigerator, washing machine and iron or ironer. Do any of these need repair or conditioning? Durationize your appliances with constant care and timely repair. That also means careful use to avoid abuse. Blasting your radio at full volume, for example, can shorten its life. Use it, but tune it down. Open your refrigerator door as seldom as possible. Keep your fireplace damper closed when heating equipment is in use. It prevents heat waste up the chimney. Your government wants your present appliances to last for the duration. Their services save you time and money.

WOMEN EXCEED MEN VOTERS

For the first time in history, the women's vote is apt to be greater than the men's vote in the 1944 election. In 1940, according to the bureau of census, 360,000 more men than women voted. In 1944 it is estimated the women's vote will exceed the male vote by at least 600,000. This is based on population figures and assumes that all soldiers will vote, which is of course not the case. So it is probable that the female vote will be even more important than these figures indicate.

There are many women in our country who never have taken advantage of their right to vote. In past elections the percentage of total women voters going to the polls is from 10 to 15% less than the men who use their voting privilege.

But this year, because of the great interest in the war among women, and because of the unusual importance of the outcome of the election, it is expected that women will go to the polls in greater number than ever before. The next President will owe his election to the women voters.

TARGET SHORTAGE

One of the most popular war production shortages is the one recently announced by the navy department—a great shortage of targets for U. S. submarines in the Pacific. Because of the lack of Japenese ships to shoot at, the navy has ordered a cutback in the production of torpedoes.

We hope to hear of an increasing number of shortages of this kind. We are looking forward to an announcement of a curtailment of anti-aircraft guns because of a serious shortage of German planes, a decrease in the need for anti-tank guns because of a shortage of German tanks and a decrease in the need for parachutes because of a scarcity of places which remain to be invaded.

And most of all we are looking forward to the coming shortage of targets for our infantry—a shortage of Nazi resistance and the clearing of the road to Berlin.

THE MAN AT THE KEYHOLE

by OPERATIVE WB

Brad Crittenden, Jr., destined perhaps to fololw in the political footsteps of his illustrious dad, Senator Bradford S. Crittenden of Stockton, has just been elected executive vice president of the Young Republicans of California. Simultaneously, California Young Democrats elected John N. Riggs, also of Stockton, as their president in absentia. Young Riggs is in the army in New Guinea.

..Attorney General Robert W. (Bob) Kenney, despite reports to the contrary, is almost certain Democratic candidate for governor in 1946. Mr. Kenney's friends are very busy!

Just as California begins to get used to lady traffic cops in the big towns, and learns to pass them by without creating a traffic jam, our spy reports that the situation has taken an acute turn in the neighboring Oregon .There, one feminine minion of the alw, deciding that it was too hot for a uniform, changed to a one-piece bathing suit—and traffic at last reports, was still snarled.

LAKE TAHOE NEWS

By SWANEE Telephone Tahoe City 66J

Tahoe Briefs

The level of Tahoe Monday morning stood at 6227.05 with 471 CSF of water leaving the gates in town. The coldest morning for the week was August 24 when the temperature hit 34, and the warmest day was August 27 with 84 degrees registered. The weather is lovely at this time but a heavy pall of smoke hangs over the lake, probably acused from the big fire which is reported in Mendocino Forest.

Fires for the Tahoe area were two for the week, one major and one minor. The major fire occurred on August 23 in the Hell Hole region where 75 acres of brush and timber were burned. H. I. Snider of Truckee took in ten men of the suppression crew from Truckee by way of Squaw Valley and Patrolman Ralph Preece of Tahoe took in eight of the conscientious objectors crew by way of Deer Park. It was reported the fire started on the farther side of the Ruibcon.

Sunday night the crew from Tahoe Park was called to Tamarack Lodge where a fire was extinguished behind the pump house in the dry pine needles. The pump house was threatened but was under control when the truck arrived.

Chick Welch, former Tahoeite, now of Reno was a recent visitor at the alke where he visited friends.

Mr. and Mrs. Walter Skrocki were guests for several days at the N. R. Mayfield home at Tahoe City last week. Skrocki is an engineer from South America.

The D. M. Brodehls have entertained a number of visitors recently, among them Mr. and Mrs. Gene Harnny and three children of Lodi, Sgt. and Mrs. Milton Shontz of Stanford Harold Leas of Pennsylvania and Miss Lois Shontz and Jerry Bond of Woodland.

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
August 27th

Dear Tahoeites:

What a lovely Sunday this has been There's a little breeze blowing, but the day is perfect. A haze of smoke has hovered over the lake for some days now, leading us to believe there must be a timer fire somewhere in the mountains. I'm sitting outdoors today typing this weekly report to you and only wish I could send you all a picture in technicoolr of the perfectly gorgeous bed of delphiniums, tall and tinged with a dozen shades of blue and purple which sway beside me. Against the grassy green of the lawn and the deeper green of the pines they are a thing of beauty and a joy forever.

The main street of your old home town is being tidied up a bit these summer days .... with some of the old homes on the Watson estate being torn down to make way for more modern residences in the future. And with their disappearance goes some of the most colorful landmarks of the early days of Tahoe. And the Pingree home, formerly known as the Squirrel House, has been given a new coat of brown paint, adding to the improvement in general. The old Sumpter house which was purchased by the Harry Johansons continues daily to add new ston walks and walls, garden beds and other attractions, the entire house having been practically made over from top to bottom. It wil lbe one of the town's most attractive dwelilngs when the last coat of paint has been administered, the project from tne start having been handeld by two exerts ... Dorothy, a former art student(conceiving the ideas which her architect husband has no trouble carrying out. They were aols instrumental in having the old Hunkins house torn down, and so bit by bit, Tahoe City assumes the attractivness which is its due.

Before it escapes my mind, I must deliver a message to you older Tahoeites who will remember George and Betty Aleln. George's father was the famous old Scotty Allen of early Alaskan days whose dog teams in the frozen north made history. The Allens were in charge of the Tahoe telephone evchange when I first came here almost 12 years ago and have still many friends in this region. They sent along their best wishes to everyone who knew them and hope before long they may return for a vacation. Mrs. Betty Stevens, who has returned onec more to her home in San Francisco was their emissary and I neglected to include their message last week. George is employed by the Moffatt Meat Co. at San Francisco where he is head shipper and Betty is night supervisor of the Southern Pacific Company's teelphone exchange The Allens are living in the lovely house left them at the time of the death of Scotty, and Betty's niece, Miss Betty Tong is living with them.

Have a most interesting story from Edna Wheat, stationed at Norman, Oklahoma, who has risen in rank to seaman first class and is now studying for yeoman. Seems Edna and a chum were introduced to some of the state's weatlhies recently who invited the girls when on furlough to visit their beautiful estate at Oklahoma City. The other day the girls took them up on the invitation and went for a weekend. It was like a visit to dreamland for the girls dinend in sumptuous style ,waited on by two coolred maids, drank from silver goblets, swam in their private pool and slept that night bteween pink satin sheets! To add to their enjoyment the family loaned them a acr to run around in while there and upon departing chauffeured them to the station. It's safe to predict that the two will do a repeat just as soon as it is socially proper to do so—and who will blame them?

From the construction batallion replacement depot at Camp Parks came a nice letter last week from M. Frank Nease, F 1-c, who ever so often brings me up to date on his branch of the service. I was sorry I didn't get to see Frank a few weeks ago when he was up to the lake to visit friends over a weekend. Maybe next time he will have more time to spare. Frank is now manager of the Hostess House on the base and likes it fine. His wife and he finally found a house at Hayward, 12 miles from his post, and since he gets libtrty every other night he manages to get home often. He expresses his appreciation of the weekly news letter ann says he will sure be glad when he can call Tahoe home for good.

And from our friend and faithful correspondent, Ph. M. 1-c Steve Knezovich we had another swell letter last week. For many months w'ave been hearing regularly from Steve and not until this letter did we have any idea where he was. Seems he can now tell us that his station has been godforsaken New Caledonia. Pictures which he has sent show little but flat uninteresting coral with scenic beauty nonexistant. Right now the tropical rains are making life miserable for the boys, who must even forego their favorite sport of soft ball until the weather clears. Steve's kid brother is about ready to take off for the Pacific area to do his bit and Steve in two weeks will be eligibel for a leave after 18 months of hard work tending the wounded. He hopes to get back to his home in New York between Christmas and Thanksgiving and hopes further to make it out to Reno and Tahoe for a visit.

Also an interesting letter from Mrs Mabel Bear now living in San Mateo For many years she and her husband vacationed at Guth-A-Win-Ga, inn the Sunnyside district, the estate belonging to her brother in law, John T. Clark who died some years ago. She wrote than on August 20, Mrs. Clark passed away in San Francisco. Also enclosed was a reminder to my men folks, who will be among the first to venture out on September 16 looking for bucks—that the American Legion is wanting deer hides to make garments for the men in the service, so don't forget them when the hunting season opens.

Out on the lake a large speedboat gracefully cuts through the softly rippling water as the sun starts to sink behind the mountain, so guess I'll ring off and finish this in the house.

Just returned from the Tahoe Tavern theater where Dick Powell and Lucille Ball did their stuff in Meet the People. Got a mild shock to see him take the part and name of Swanee Swanson — stealing my stuff.

Tonight the popualce of Paris is going wild with frenzied happiness, which I hasten to add — GM 3-c Jim Frazier has just been awarded the Purple Heart which he is sending home to his wife, Patsy, now living with her little son at the home of theRay Fraziers! He also writes that his wounds, received some time ago were not serious. So its all honkey-kissing the Yanks and ringing the church bells, singing and parading the streets. Please God it will not be long before the worldwide celebration of the liberation begins and with it the return of you boys overseas to your homes and familles. That great day can't come too soon and if the war contninues to progress as it is now we may have a Thanksgiving Day this year such as the world has never before seen, its observance becoming a universal event —who knows!

Keep your chins up and your spirits high, work hard and play when you can and always remember, we miss and pray for every mother's son of you. Good cheer, good luck and God bless you all,

As ever,
SWANEE.

P. S. Just had some good news dory with the Frazier clan once more. —Swanee.

NEVADA CITY TEACHER IS MARRIED TO BAY MAN AT WEDDING IN TAHOE CHAPEL

TAHOE CITY, Aug. 31.— In the charming sylvan surrounding of the rustic Episcopal Chapel at Tahoe, Miss Ruth Rector, youngest daughter of Mr. and Mrs. E. M. Rector, of Nevada City, was united in marriage with Harris A. Ray, of San Francisco Wednesday afternoon at 4 o'clock, August 23. Only the immediate family and relatives of the bride were present at the ecremony which was performed by Rev. Cedric Porter of Nevada City.

Mr. Sutton Carlson, a close friend attended the bridgegroon while Mrs. Margaret Larue, sister of the bride acted as matron of honor. E. M. Rector gave the bride in marriage.

Mrs. Ray is a Nevada City born and reared young woman whose life mostly has been spent in Nevada County. After grauating from the Nevada City schools she attended the University of California and Columbia University in New York from which insitutions she holds degrees. She has recently been engaged teaching in the schools at Grass Valley.

The bridegroom is the son of the late F. M. Ray, widely known Oak alnd buisness man, and Mrs. Agnes Ray now of San Francisco. He was educated at the University of California and at Washington and Lee University in Virginia. He is engaged in the realty investment business.

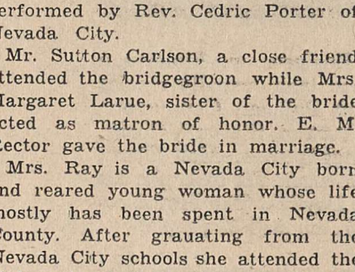
—V—

FILLERS .....

Every new American standard tanker carries enough gasoline on one voyage to supply an A ration book holder with gasoline for 35,000 years.

—V—

A Victory ship's cargo capacity of 10,000 tons enables it to deliver in a single voyage 440 light tanks, 2,840 jeeps, or a day's C ration sufficient to feed more than 3,000,000 men.



To a Man Who's handy with his hands

If you like mechanical work (even though you are not experienced), Southern Pacific has an opening for you that is well worth looking into. The job: Helper in one of the fine crafts at the S. P. shops or roundhouse .... working on locomotives or rolling stock. You'll see the "inside" of railroading .... be in something big ....find railroading more interesting than other work. Friendly people to work with ....a chance to really learn a top craft with a fine outfit. Above all, a job with a permanent company—a job you'll like. Liberal age limits. New, higher wages. Railroad pass privileges. Fine pension plan. Medical services. Vacations with pay. Swell social activities. This is no fly-b-night opportunity. It's for a man who's sincere in wanting the right connection with the right outfit. If you join up with S. P., we're pretty sure you'll not regret it.

Plumbing and Heating SERVICE

NOW AVAILABLE IN TRUCKEE

NO JOBS TOO BIG — NONE TOO SMALL

Get your plumbing in order NOW for the Winter months ahead. All Work Fully Guaranteed.

MEADE PLUMBING SERVICE

35 Years Plumbing Experience

C. L. Meade P.O. Box 145 Telephone 206

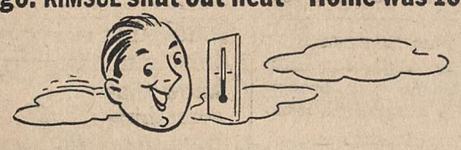
This is How It All Happened

One day I got tired of roasting at home.

So I invested in 8 rolls of KIMSUL REG. U. S. & CAN. PAT. OFF. INSULATION

And I installed it myself in spare time.

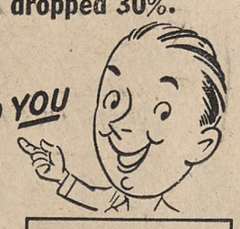
Bingo! KIMSUL shut out heat—Home was 10° to 15° cooler



Later, when winter came, I found KIMSUL kept my house warmer

And my fuel bill, thanks to KIMSUL, dropped 30%.

SO I'M RECOMMENDING IT TO YOU



KIMSUL is one of the most efficient insulations you can buy. Easy to install—you can do it yourself. Just apply it between attic floor joists, or between rafters of a sloping roof, and fasten both ends. Packaged in tight rolls and compressed to 1/5th its normal length, you have fewer rolls to lug up to the attic—save as much as 80% leg work. One Roll Insulates 100 sq. ft.

Advantages of KIMSUL
1. Will not sift, settle or pack.
2. Installs easily and quickly.
3. No waste, every bit can be used, no mess.
4. No special tools or previous experience required.
5. Highly resistant to fire and moisture.

Tahoe Briefs

By SWANEE

Miss Lois Reeves, daughter of Mrs. Barney Morrow of Tahoe City Sunday motored to Reno with her mother. Monday she enrolled at the University of Nevada where she will take a special course. Thursday night at her home she was given a going-away party by members of her Tahoe set, the instigators being Miss Josejhine Myers and Miss Carol Dunieditz. Lois has been assisting Mrs. A. M. Anderson in the local library for the past month or more.

Mrs. Les Perry, whose husband Sgt. Perry is stationed in Okalhoma, has returned to the Lake Forest home of her grandparents, Mr. and Mrs. Sam Goss with her infant son. The latter spent some weeks in an incubator, but is now reported well on the way to a healthy, happy future.

Miss Alberta Pollitt, aughter of the Allen Pollitts of the Fish Hatchery was hostess Sunday at a combination swimming party and weiner roast her guests being 11 children from the 7th and 8th grades, and her sister, Myra Lee and Mr. and Mrs. Leon Dockham and son, Clifford.

A number of local residents attended the card party held Friday night at Meeks Bay by the H and W club, all reporting a pleasant evening. Tasty refreshments wound up the evening of pinoche and bridge.

Mr. and Mrs. Rudolph Zimmerman have returned to their alkeside home Hoilday House after several weeks in San Francisco. Their daughter Ruth is alos vacationing with them.

Recent visitors at the Henry Wordens near Ward Creek were Mr. and Mrs. James Worden and Mr. and Mrs. Ray Ramage.

Mr. and Mrs. Albert Schaad of Dunnigan, accompanied by friends are occupying the C. C. McDonald home i Timberland Tract this week. Mrs. Schaad is a sister of Judge McDonald.

—V—

Tahoe Schools

Aroung 70 persons attended the play, Long Live the Constitution, put on by members of the elementary grades alst Friday night in the local school auditorium. Among the out of town visitors were Mr. and Mrs. J. Burton Vasche of Auburn. He is the general superintendent of the educational program at DeWitt General Hospital in Auburn and at Weimar Sanitorium. At the conclusion of the play Vasche gave an interesting 15 minute talk on subjects of general interest educationally, and touched on revised programs for after the war. His talk was followed by the showing of a movie, Eyes of the Navy.

Mrs. Myrtle Gallinger, principal of the grammar grades wishes to thank all the mothers who aided in the making of the children's costumes for the play and those who donated flowers for the garden scene.

Highlights of the evening were the singing of Swing Low, Sweet Chariot by 12 year old Lois Deimel, whose voice gives promise of future sucecss and the dancing of the minuet and Pop Goes the Weasel by the youngsters.

The affair was given by the members of the Junior Red Cross who collected a total of $14 before and during the program which will aid in their Christmas activities.

DICK HINKLE INJURES FOOT IN ACCIDENT AT TAHOE

TAHOE CITY, Aug. 31. — Dick Hinkle, son of Dr. and Mrs. George Hinkle Sunday received painful injuries to one foot while assisting in the docking of a boat for the winter.

The boat had been hauled up the ways at the Mayfield pier when a link of the holding chain snapped, alolwing the cradle to slide back again. Dick is believed to have been close to the boat and unable to withdraw his foot in time to avoid it.

The member is reported badly bruised, but no bones were broken. He was taken to a hospital at Reno

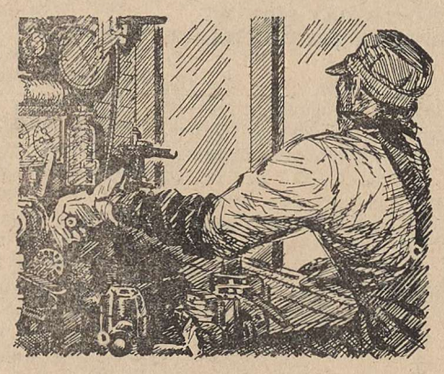
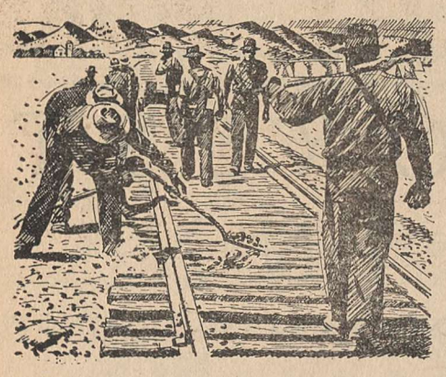
What makes a train run?

When a train such as the *Cascade, Overland Limited, Golden State Limited* or *Sunset Limited* thunders by, all you're conscious of is the thrill of a thousand tons of steel going places. You may catch a brief, friendly wave from the engineer, but he's about the only man you see.

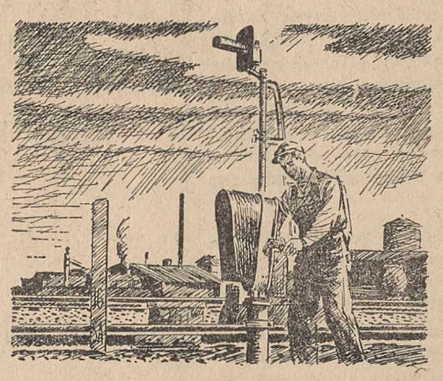
The purpose of this advertisement is to take you behind the scenes and show you how many men and women are necessary to make a train run. The locomotives, cars and tracks are only the tools with which these people work.



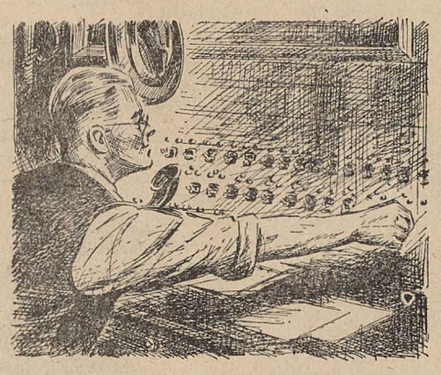
1 Besides the Engineer and Fireman, a long distance train usually carries Railroad and Pullman Conductors, Brakemen, Porters, Steward, Cooks, Waiters, Baggagemen, Mail Clerk, Express Messenger. For example, our streamlined *Daylight* (San Francisco-Los Angeles), requires 62 people.



2 Track Workers "manicure" every foot of Southern Pacific's 15,000 miles of line. Carpenters and Bridge and Building Men maintain the countless bridges, tunnels and trestles.

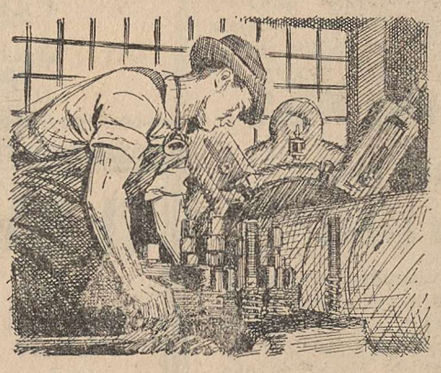


3 Signalmen, Electricians and Linemen regularly inspect and repair the thousands of miles of wire, and all the signals, motors and apparatus it takes to run trains safely and on time.



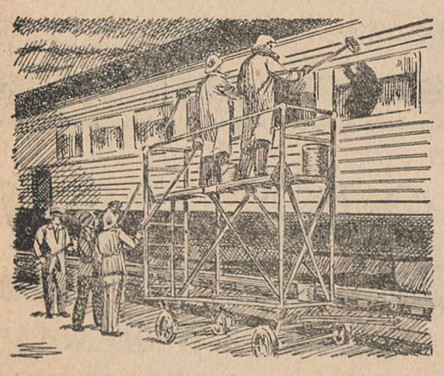
4 Dispatchers control the movements of trains, sometimes automatically by "Centralized Traffic Control" (see above). Telegraphers receive train orders and report train movements.

5 Lubricators, Greasemen, Boiler Inspectors and their helpers give locomotives a thorough going over at the end of every run, put them in tip-top shape.

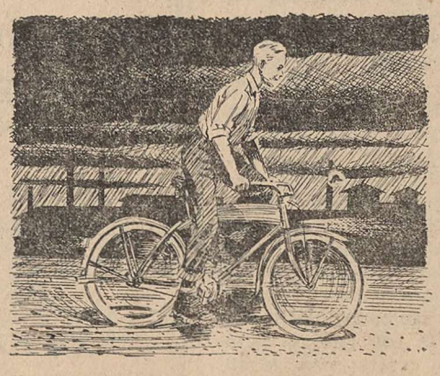


6 Machinists, Blacksmiths, Boilermakers, Carmen, Sheet Metal Workers and other craftsmen repair war-worn equipment for the busy Main Line.

7 Commissary Workers make sure that only the finest food is prepared in S.P. diners. Last year Southern Pacific served more military meals than any other two railroads combined!



8 Car Cleaners, Car Inspectors, Air Brake Inspectors and Electrical Inspectors are among the thousands of workers who help to make the railroad run.



9 Last but not least, the Call Boy—smallest cog in the railroad machine. He wakes up the train crew and makes sure they report for duty on time.

POLITICAL PARADE - - -

By CLEM WHITAKER

As evidence mounts in the nation-wide polls that the present presidential race may culminate in a photo-finish, with perhaps not more than a score of electroral votes separating the winner from the defeated lcandidate, state political experts are openly conjecturing that Cailfornia's Governor Warren may hold in the palm of his hand the fate of New York's Governor Tom Dewey, the Republican nomiene.

If Governor Warren, who carried California by a smashing majority in 1942, can deliver as well in 1944 to his friend, Governor Dewey, then Mr. Dewey has an excellent chance of being the next occupant of the White House, according to political diagnosticians.

While coming events may radically change Governor Dewey's position in the race, impartial survey specialistts, who now put New York in the Dewey column, are of the opinion he must also carry either Pennsylvania or California to win the election. Both California and Pennsylvania are highly debatable territory at the moment, with current polls giving Roosevelt a slight lead in each state.

California's vital spot in the national picture was highlighted last week when latest straw ballot totals were released, showing Roosevelt leading in 28 states, with 286 electoral votes—only 20 more than the 266 required for election. Dewey was leading in 20 states with 245 electoral votes.

California, in that analysis ,was placed in the Roosevelt column, but only by a three per cent margin. If the polls are accurate, a switch of California, with its 25 electoral votes from Roosevelt to Dewey, would be sufficient to eelct Mr. Dewey as president!

Republican big-wigs, reading the figures, were confident that with Governor Warren elading the Dewey fight in this state, the trick could be turned—and that California can, as it has before, eelct a president. The GOP'ers, while admitting that the Democrats hold a big edge in voter registration, pointed out that the registration disparity was even greater in 1942, but that Earl Warren was able to overcome it.

State Democratic chieftans, on the other hand, discounted Governor Warren's abiilty to turn in a repeat performance. Warren, they contended, won the governorship with Democratic votes, running as a non-partisan. But he lost his aura of nonpartisanship, they assert, when he became the keynoter at the Republican National Convention—and therefore can not attract Democratic votes, as he did in 1942. They also slyly suggested that beating Culbert L. Olson and beating President Roosevelt are two very differnt things.

That challenge, Warren's boosters believe, Governor Warren will meet—by making an all-out campaign for Dewey!

PURSUING FLEEING GERMANS—A few of many armored vehicles as an American tank unit moves swiftly through a destroyed French village following panic-stricken Germans.

Capitol Week

By Patricia Clary

United Press Staff Correspondent

SACRAMENTO, Aug. 31.— (UP)— Conflicting claims of gains in California in the November general election by Republican and Democratic leaders highlighted political activities last week.

Attorney General Robert W. Kenney the only major Democratic office holder in state government, got in the first licks. He declared that his party will gain at least two, and possibly as many as five seats in California in the election.

Kenney went on to say that U. S. Sen. Sheridan Downey will knock over Lt. Gov. Frederick F. Houser in his reelection drive, and that Cailfornnia is safe for the Roosevelt-Truman ticket.

State Sen. Edward H. Tickle, the former state GOP chairman, came to the plate next. The Republicans, not the Democrats, will pick up two to four congressional seats, he said, and Houser will defeat Downey in a close race. Dewey and Bricker, of course, also are winners in Tickle's future book.

Spice was added to campaigns for and against an outstanding measure on the state baloit—the $60 and 60 pension proposal—by the disclosure that one pension group will oppose the measure.

The disclosure came in publication of the November eelction voters' pamphlet with an argument opposing the proposal written by George H. McLain, chairman of a Citizens Committee for Old Age Pensions.

The $60 at 60 plan is sponsored by the Townsend organization, and Dr. Francis Townsend, the noted Long Beach pension advocate, is one of the authors of the pamphlet argument in favor of the plan.

Stil lto be heard from is a third major pension organization, the Ham 'n Eggs group.

—

The heat and humidity of the Southwest Pacific may give some California sercviemen trouble when they attempt to vote, Secretary of State Frank M. Jordan revealed.

Jordan was informed that some of the federal ballots were sent out by the U. S. war ballot commission un

sealed, return enveolpes which became sealed and will have to be cut to be opened and voted.

County voting offiicals meeting with Joran decided against accepting ballots in the cut envelopes unless some sort of a seal is devised to insure that the ballots have not been tampered with after they are voted.

The difficulty, Jordan emphasized, only occurred with federal ballots which will be voted by soldiers who for some reason are unable to get state ballots. The state ballots do start going out for another couple of weeks.

—

The state board of equalization decided against attempting to enforce any state-wide closing of bars on the day that victory over Germany or Japan is announced. However, the board advised all bar owners to close immediately on V-Day if requested to do so by local authorities.

—V—

FEW HEAVY DUTY TRUCK TIRES ARE RELEASED FOR CIVILIAN VEHICLES

A major Pacific Coast perishible crop movement received a shot in the arm when the army this week released 1700 heavy duty truck tires for distribution to California's perishabel crop haulers.

The tires (900–8.25 x 20 and 800 x 20 were turned over to the Treasury Procurment for distribution through 24 California tire dealers in harvest area points of Oakland, San Jose, Fresno, Sacramento and Marysville.

To a carpenter who wauts an unusual job

Out on the Southern Pacific line.. out where the grass skitters when the train whistks by...where there is room to breathe ... (yes, and to swing a hammer), the railroad has a job for you. Building bridges, culverts, doing railroad construction work with men who figure a carpenter too can hammer out a victory tune. (This, believe us, is real war work, because your work speeds the war trains.) Now, down to brass tacks: You'll live with a good gang...in Outfft Cars fitted up. No housing problem here! Board at very reasonable prices. Railroad pass privileges. Medical services. A fine pension plan. Liberal age limits. Above all, a job with a permanent company. If this sounds good, come in and see us, We think you'll go for this job.

See or wirte J. A. McKINNON, Asst. Superintendent, Sparks, or your nearest S. P. Agent

Britain by reverse lend-lease pays her householders 60 cents a night for each officer, and 14 cents a night for each enlisted man billeted in an English home.

SCHOOL TAXES UP; ATTENDANCE DOWN

School taxes on property in Nevada county totaled $137,412 for the 1932-33 period, dropped to $48,905 for 1933-34, with the transfer of county school support to the state treasury, and climbed to $168,051 for the 1943-44 period, California Taxpayers association state this week.

Apportionments by the state government to the school districts of the county totaled $69,949 for 1932-33 jumped to $165,182 for 1933-34, and amounted to $170,026 for 1943-44, the association stated.

Pupils in average daily attendance in the public schools in the county numbered 1,865 for 1931-32, 1,973 for 1932-33 and 1,926 for 1942-43, the association found.
